EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 15, line 1, "claim 10" has been changed to "claim 7".

The change has been made to provide antecedents for the terminology in claim 15.

Examiner's Statement of Reasons for Allowance

Claims 1-9 and 13-15 are allowed because the prior art does not disclose or suggest a system, method or program for inputting a request for information, extracting time information contained in the request, and translating the time according to human factors.

Claims 10-12 are allowed because the prior art does not disclose or suggest a method of displaying time including the steps of querying a data base for database records, the query having at least a component of time, receiving records from the corresponding database in response to the query, and translating the time component according to human factors.

The term "translating the time" in the claims is assumed as being defined in paragraph 0020 at page 7 of the specification applied in its broadest terms consistent with the disclosure and not limited to the specific example given.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vit W. Miska whose telephone number is 571-272-2108.
